SCANEVO

Terms of Use & End-User License Agreement

Version 1.0.0
Effective: October 2026

> **Binding Agreement & Local Execution Notice**
> By installing, accessing, or using Scanevo, you agree to these Terms of Use. Scanevo operates as an offline-first, on-device utility: your files are processed locally on your hardware and never uploaded to remote servers for conversion.

1. Acceptance of Terms & Applicability

These Terms of Use ("Terms" or "Agreement") constitute a legally binding agreement between you ("User", "you", or "your") and the developer of Scanevo ("we", "us", or "our"), governing your access to and use of the Scanevo mobile application ("Application" or "App").

If you do not agree to all provisions set forth in these Terms, you must immediately cease accessing the Application and uninstall it from your device. Continued use of Scanevo represents your irrevocable acceptance of these Terms and any future revisions.

2. License Grant and Permitted Scope of Use

Subject to your strict compliance with these Terms, we grant you a personal, non-exclusive, non-transferable, revocable, limited license to download, install, and execute Scanevo on compatible mobile devices (Android and iOS) that you own or control.

- **Permitted Purpose:** You may use Scanevo for personal and legitimate professional utility purposes, including on-device media conversion, optical character recognition, and QR/barcode generation and scanning.
- **Reservation of Rights:** All rights not expressly granted to you under this Agreement are reserved by the developer. The software is licensed, not sold.

3. User Content Ownership and Full Sovereignty

You retain 100% of all existing rights, ownership, and intellectual property titles in and to any files, images, videos, audio recordings, documents, and texts that you select, convert, or generate using Scanevo.

- **No Content Claim:** We do not claim any copyright, license, or proprietary ownership over your source files or your converted output files.
- **Zero Cloud Ingestion:** Because Scanevo operates on-device, your content is never stored on, indexed by, or transmitted to our servers or third-party storage infrastructure for processing.

4. Relationship with the Privacy Policy and Data Handling

Your privacy is fundamental to the architecture of Scanevo. Our Privacy Policy & Data Usage Disclosures are incorporated by reference into these Terms. By using the Application, you acknowledge and agree that:

- **Local Computation:** All file parsing, transcribing, encoding, decoding, and rendering take place within local sandbox isolates on your mobile operating system.
- **Minimal Diagnostics:** Only non-personal, anonymized crash statistics and technical performance traces may be gathered via Firebase Crashlytics to detect fatal errors and app freezes.
- **Cache Responsibility:** Temporary conversion buffers stored in the app cache are ephemeral and automatically pruned. You are responsible for ensuring your converted results are saved to your preferred persistent storage location.

5. Prohibited Uses and Unlawful Conduct

You agree to use Scanevo in full compliance with all applicable local, national, and international laws and regulations. You shall not:

- **Malicious QR Generation:** Generate or circulate QR codes or barcodes containing malicious URLs, phishing exploits, malware droppers, or deceptive command strings.
- **Intellectual Property Infringement:** Convert, extract, transcode, or reproduce media or documents that infringe upon third-party copyrights, patents, trademarks, or trade secrets without authorization.
- **Reverse Engineering:** Decompile, disassemble, reverse engineer, decrypt, or attempt to derive the source code of the Application, except where permitted by applicable open-source component licenses.
- **Automated Exploitation:** Inject automated scripts or manipulated inputs designed to crash, flood, or bypass security sandboxing mechanisms of the Application.

6. Device Permissions and Hardware Access

Scanevo requests hardware capabilities (Camera, Local Storage / Media) solely to perform actions explicitly initiated by you. You may grant or revoke permissions at any time via your device Operating System Settings. Revoking a permission will disable the corresponding feature (e.g. camera scanning) without impacting unrelated features.

7. Disclaimer of Warranties ("AS IS" Basis)

TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, SCANEVO IS PROVIDED ON AN "AS IS" AND "AS AVAILABLE" BASIS, WITHOUT WARRANTIES OF ANY KIND, WHETHER EXPRESS, IMPLIED, STATUTORY, OR OTHERWISE, INCLUDING BUT NOT LIMITED TO WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE, ACCURACY, AND NON-INFRINGEMENT.

We do not warrant that the Application will be error-free, uninterrupted, compatible with every file codec or hardware architecture, or that conversion outputs will perfectly preserve every complex formatting nuance of proprietary document formats. You are advised to maintain backup copies of your source files.

8. Limitation of Liability

IN NO EVENT SHALL THE DEVELOPER, AFFILIATES, OR LICENSORS BE LIABLE FOR ANY DIRECT, INDIRECT, INCIDENTAL, SPECIAL, CONSEQUENTIAL, OR PUNITIVE DAMAGES (INCLUDING LOSS OF DATA, DEVICE CORRUPTION, BUSINESS INTERRUPTION, OR FINANCIAL LOSS) ARISING OUT OF OR IN CONNECTION WITH YOUR USE OR INABILITY TO USE SCANEVO, EVEN IF ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

9. Modifications to the App and Terms

We reserve the right to modify, enhance, suspend, or discontinue any feature of Scanevo at any time without prior notice. We may periodically update these Terms to reflect architectural improvements, legal requirements, or platform store policy updates. The "Effective Date" at the top indicates the latest revision.

10. Governing Law, Severability and Contact

These Terms shall be governed by and construed in accordance with applicable consumer protection and software laws. If any provision is deemed unenforceable, that provision will be severed without affecting the validity of the remaining provisions.
